ABOUT

RY Interior Design is established by Radost Yaneva who have more than 12 years of professional experience in the interior design field.

Our mission is to create functional and stylish interiors to express your personality and character its best. Residential, commercial, hospitality or workplace interior solutions, big or small, each and every project is carefully considered and developed individually and with eye for detail according to your specific requirements and budget.

We are based in East London, currently working on projects across London and the rest of the UK, and would love to hear more about your project.
